## To Our Customers ---

We wish to take this opportunity to thank you for the many fine orders we received in 1942—our initial year—and we hope to have the pleasure of continuing to serve you.

If you have not as yet made our acquaintance, we hope, this year, to have the opportunity of serving you; thus acquainting you with our fine stock.

We are attempting to carry the best varieties, both old and new, and have a small stock of some newer varieties not listed. If interested in these, you may write regarding them.

To those of you who send in a new membership and dues (\$3.00) to the American Iris Society with your order, we will include a fine \$1.00 Iris. Membership will bring you four superbly informative bulletins each year.

## TALL BEARDED IRIS

### CHOICE VARIETIES

ALZA HOLA—Pale yet bright cloudy blue with gold edge. Stunning.	\$20.00
AMIGO—Fine pansy purple. Standards pale with falls edged same	.75

## *Hemerocallis--The Flower on the Up-Beat*

More and more people are learning about "Hems"—their newer and ever widening range of colors; their freedom from diseases and insects; their hardiness and their long season of bloom.

These descendants from the roadside lily are fast taking their place in the ranks of the most popular

flowers and show promise of setting a pace that will be difficult for others to surpass.

Planting may be done at any time from spring to fall. Our fall shipments are from July 1st to October 30th. We supply heavy divisions that will satisfy.

## HEMEROCALLIS -- DAYLILIES

ALBA STRIATA—Tall Yellow. Good substance. Aug. -----	.50
ANNA BETSCHER—One of the best deep glowing orange yellows, slightly shaded bronze. Large flowers. July-Aug. -----	.75
